

World Cup Song England : here we go again!  **England**

OFFICIAL LYRICS

[[Intro Chant]]

(Acapella, distant crowd sound)

Oh, eh oh, eh oh, eh ohhh

Oh, eh oh, eh oh, eh ohhh

[[Verse 1]]

(Acoustic guitar and a simple 4x4 kick drum enters)

Six in the morning, the platform's heaving

Rain on the glass but we're all still believing

Got the miles on the clock, got the hope in our chests

Putting our hearts and our voices to the test

[[Pre-Chorus]]

(Music thins out, leaving a driving bassline and a slow, heavy double-clap)

[crowd call] Where we going?

[crowd response, building] ALL THE WAY!

[clap clap]...[clap clap]

[crowd call] Where we going?

[crowd response, louder] ALL THE WAY!

[clap clap]...[clap clap-clap-clap]

[[Chorus]]

(Explosion of garage beat, distorted bass, and punchy brass stabs)

Under the red and white skies, yeah, we're shining bright!

From the terraces to the streets, we're the sound and light!

And through the rain, we sing again!

World Cup Song England : here we go again!  **England**

OFFICIAL LYRICS

Every year we feel the same, here we go again!

[[Post-Chorus Chant]]

Oh, eh oh, eh oh, eh ohhh (Here we go!)

Oh, eh oh, eh oh, eh ohhh (Get in!)

[[Verse 2]]

(Indie-rock groove resumes, more energy)

Pub garden's buzzing, a sea of our colours

For our mates, for our sisters and our brothers

That turnstile click is the sound of the day

Doesn't matter what the doubters wanna say

[[Pre-Chorus]]

(Music thins out again to bassline and the slow, heavy double-clap)

[crowd call] Where we going?

[crowd response, building] ALL THE WAY!

[clap clap]...[clap clap]

[crowd call] Where we going?

[crowd response, louder] ALL THE WAY!

[clap clap]...[clap clap-clap-clap]

[[Chorus]]

(Explosion of garage beat, distorted bass, and punchy brass stabs)

Under the red and white skies, yeah, we're shining bright!

From the terraces to the streets, we're the sound and light!

And through the rain, we sing again!

Every year we feel the same, here we go again!

[[Bridge / Crowd Break]]

(All music cuts. Vocals are raw, acapella, with echoing double-claps)

[crowd call, spoken] Stand up!

[crowd response, shouted] Shout it out!

[clap clap]...[clap clap]

[crowd call, rising] Under the grey skies...

[crowd response, massive roar] ...WE BURN BRIGHT!

(Beat drops back in, heavier than before, instrumental for 2 bars with brass lead)

[[Final Chorus]]

(Full energy, all instruments, ad-libs like 'Come on!')

Under the red and white skies, yeah, we're shining bright!

From the terraces to the streets, we're the sound and light!

And through the rain, we sing again!

Every year we feel the same, here we go again!

[[Outro Chant]]

(Music starts to fade, leaving drums and chanting vocals)

Through the rain, we sing again!

[crowd shout] Come on!
