

****Song Title: Tonight We Rise****

[Intro Chant]

[drum break]

[stomp stomp clap]

Hey! Hey!

Red, white, blue — tonight we rise!

[crowd shout] Tonight we rise!

Na-na, hey-yo, hey-yo

Na-na, hey-yo, rise!

[Verse 1]

Parking lot lights, fire in the air

Friends pull up, colors everywhere

From the coast to the mountains high

One more night, one more sky

Boots on the ground, hearts in time

Street to the stands, we all align

[Pre-Chorus]

Feel that beat, let it roll

One voice, one heart, one goal

Hands up high, don't think twice

When we move, tonight we rise

[Chorus]

Tonight we rise

Tonight we rise

Red, white, blue, tonight we rise

Tonight we rise

Tonight we rise

All together, tonight we rise

[Post-Chorus Chant]

[stomp stomp clap]

Call: When we stand as one!

Response: Nothing can stop us!

Call: Feel that rhythm!

Response: Hear that drum!

Na-na, ay-ay

Na-na, ay-ay

[crowd shout] Rise! Rise!

[Verse 2]

Big open roads, bright city glow

Desert wind and the river flow

Every accent, every name

Side by side for the love of the game

Under the lights, we sing out loud

Hope runs deep in this whole crowd

[Pre-Chorus]
